

ALSTACOL 25+

Alcohol based Surface Disinfectant

General Description

ALSTACOL 25+ is a ready to use blend of alcohol, quaternary compound and cleaning agents that can effectively disinfect all hard contact surfaces and equipment, manifesting broad spectrum bactericidal, fungicidal and virucidal attribute.

The coactive operation of Quaternary compound in the presence of alcohol breaks down the lipoprotein complexes inside the microorganisms' cell, opening its membrane which allows the alcohol to pierce and rupture its total structure. ALSTACOL 25+ is competent to be used at In-house, Commercial and Industrial application surfaces.

Key Features & Benefits

- Highly effective in removing most infection spreading germs
- Does not alter the property of application system, be it metal, non-metal, glass, etc.
- Enhanced sanitation performance
- Alcohol based rapid antimicrobial action
- Easy to dose & apply

Physicochemical Data

Attributes	UOM	Typical Value
Form	-	Clear liquid
Appearance	-	Slight Blue
Odour	-	Alcohol Type
Assay as Alcohol	% vol.	70.0 min.
Assay as Quaternary Compounds	% vol.	0.30
Other Ingredients	-	Balance
Solubility	-	Soluble in water

Handling Measures

Proper safety products such as splash goggles, gloves, lab coat should be worn while handling and applying chemicals. Splashes on skin to be washed off with water immediately. In case of splashing into the eyes, flush them with fresh water and seek medical attention. **Should not be injected.**

Storage

Flammable Product! Store in cool, dry well ventilated area in tightly closed, plainly labelled containers. Keep away from incompatible materials. Containers, even when empty, will retain residue and vapours. Separate from acids, alkalis, reducing agents and combustibles.

Shelf life: 2 Years when stored properly.

Kindly refer label and SDS for details.

Packaging

ALSTACOL 25+ is available in 500ml trigger spray, 5L jars.

Dosage & Application

Aim at the target area, spray and wipe with a lint free cloth. For hard surfaces, the solution is allowed to remain for 30 seconds.

For more details on use concentration, kindly contact your nearest CSL Representatives.
